

Community Forum on Character Education

Ms. Martie Pineda from the Virtues Project will speak about her project at the District of Columbia Character Education monthly community forum on Dec. 6, from 8:30am-2:30pm. There will be a \$25 charge for lunch and materials.

The majority of the time will be used as a hands on training to use and implement UPF's curriculum, Discovering the Real Me.

The community forum, recently established due to community interest, is forging partnerships with local organizations and UPF's Character Education Initiative. It will feature monthly community forums and train the trainer programs. By forging partnerships and providing a forum for government, non-profits and the business community to work together on the character education as a vehicle for individual, family, school and community empowerment and change, we hope to tackle some of the most pernicious and difficult problems facing our urban communities in the U.S.

Our next program is at Saturday, Dec. 6 at the District of Columbia Police Department Community Room, 6001 Georgia Avenue N.W., Washington, DC 20011.
